

Peats

Audio, Visual & Technology Distributor

2024 Product Brochure

About Us

Who we are

Welcome to Peats, Ireland's leading name in audio visual & consumer technology distribution. We've been at the forefront of AV Distribution for decades, bringing cutting-edge technology and expertise to AV installers across the country.

We've been a key player in Ireland's tech landscape since 1969, shaping the audio-visual industry with our commitment to innovation and customer service. Our journey began with Geoff and Isobel Peat, who saw an opportunity in the audio accessory business and built a legacy that continues today.

We now operate an expanded distribution network around Ireland and Europe and our Pro AV team provides the latest technology advice to AV & IT integrators & Installers from our office & showroom in Dublin.

We are powered by our people! Our internal & external sales team is led by our Sales Director Anthony Brady. Our technical and logistical support is overseen by our MD Geoffrey Peat and the Finance team is managed by our Finance Director, Peter Connelly.

What we do

Highly Trained Staff

Our AV specialists are continuously learning and updating their AV product knowledge. Our Consumer electronics sales team stays at the forefront of consumer audio and electronics accessories bringing our customers the very latest innovations from the industry.

Our highly trained staff is always ready to provide support and educate customers on the latest AV trends. We're passionate about helping our customers understand and make the most of new audio, visual, and technology products.

Network

We are continuously developing our AV/IT integration network, supporting their projects and connecting them to the right brand and solution.

Inventory & Showroom

We've consistently brought cutting-edge technology to our customers. As a leading distributor of brands like Sony, Yamaha, Bose, TP Link & Audio Technica, we've kept at the forefront of audio-visual innovation. Our showroom in Dublin's Westlink Industrial Estate serves as a hub for customers to experience the latest tech firsthand. We occupy 10,000 sq ft of warehousing & office space including our showroom and training facilities.

Systems

Our integrated website www.peats.ie provides live stock information of 3000+ products from 70+ brands

Multi Brackets

Multibrackets is a leading European provider of peripherals for Audio Visual products, boasting a portfolio of over 600 high-quality items. They offer a diverse range of full-featured products across various form factors, all at competitive prices.

Specializing in the manufacture of professional AV brackets, mounts, floor stands, and accessories, Multibrackets serves a wide array of markets, including digital signage, collaborative meeting spaces, hospitality, and education. Their product lineup represents one of the most versatile and comprehensive collections of Audio Visual peripherals available today.

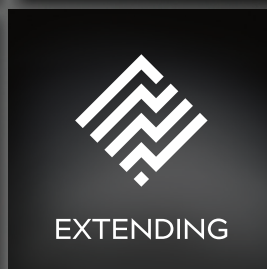

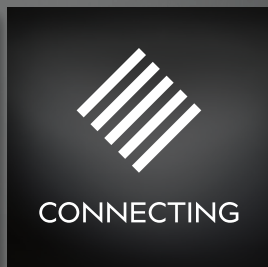

Signal Distribution & Control

Solutions from Wyrestorm, Lindy, Triax, Anttron, Rithum Switch, Ferguson & Amiko.

Our signal distribution solutions guarantee reliable connectivity for your AV installations. We understand the importance of delivering a flawless audio-visual experience that leaves your end customer satisfied with what they see and hear. We also recognize the peace of mind you feel when everything behind the scenes works seamlessly. That's why we've meticulously curated the ideal signal distribution solutions to meet the needs of both you and your customers.

YOUR FIRST CHOICE FOR IT & AV-CONNECTIVITY

WHY CHOOSE WYRESTORM

We're a leading manufacturer of award-winning Audio-Visual signal distribution and collaboration solutions for a multitude of different markets. WyreStorm is an expert in providing both innovative single-platform and hybrid methodologies.

WyreStorm solutions are **Powerful. Reliable. Simple.**

INGENUITY

We lead the way in AV technology, pioneering solutions that redefine industry standards. Our commitment to innovation drives us to continuously push boundaries and anticipate the future needs of our customers.

SUSTAINABILITY

Beyond innovation and reliability, we are dedicated to a sustainable future. WyreStorm takes a proactive approach to environmental responsibility, integrating eco-friendly practices into our manufacturing processes and product designs to minimize our impact on the planet.

ADAPTIVITY & SCALABILITY

WyreStorm doesn't believe in one-size-fits-all solutions. Our commitment to flexibility and scalability means that our products can adapt to the unique requirements of any project. Whether it's a small-scale setup or a large, complex installation, our solutions offer a wide variety of possibilities.

INTEGRITY

Listening is not just a part of our process; it's a core principle. We understand that our customers are at the heart of everything we do. By actively listening to their needs, feedback, and challenges, we ensure that our innovative solutions are precisely tailored to exceed expectations.

RELIABILITY

At WyreStorm, reliability is not just a promise; it's our foundation. We engineer products and solutions with meticulous attention to quality, ensuring that our customers can depend on us for consistent, top-tier performance.

rithuum SWITCH

Simple & cost effective zone control of Lighting, Audio, Video, Climate and more.

Hospitality | Hotels | Education | Meeting Rooms | Commercial | Retail | Residential

Simple wall mount
with no additional processor

Table stand also available

Amps, processors and controllers

We provide a range of amplification, signal processing, and controllers from top brands like Adastra, Biamp, Bose, Optimal Audio, Sonance, and Yamaha. Reliable and robust amplification is crucial for managing multiple zones in any installation. At Peats, we've partnered with the industry's most innovative brands to ensure exceptional audio quality for every project, no matter the size.

IT'S THE SOUND THAT MAKES A SPACE

Simple control. Powerful DSP.

Optimal Audio offers a range of controllers and processors alongside loudspeakers and amplifiers.

IN
STOCK

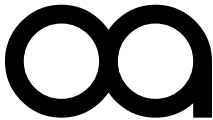

Zone is a series of controllers comprising 4 or 8 zone powered and non-powered versions, with a host of connections including two HDMI inputs and outputs for video pass through.

WebApp offers easy DSP setup for the integrator and simple control for the end user using a tablet, phone or computer.

The **ZonePad** wall mounted controller provides users clear access to essential controls.

Optimal Audio

RM Series 100V Mixer-Amplifiers with DAB+/USB/SD/Bluetooth

2U
19" rack
mountable

100V
Line

24V
emergency
mute
contacts

- Bluetooth receiver with unique serial ID
- 4 switchable 100V outputs and 1 unswitched output
- Optional 4-16Ω output
- 2 x mic/line inputs, 2 x RCA line inputs, 1 x RCA line output
- Switchable VOX voiceover feature

5-channel 19" rack-mountable mixer-amplifier, tailored to commercial sound installations to power 100V line speakers or standard speakers down to a 4Ω load. Input options include XLR (with switchable phantom power), mic/line jack, and RCA line.

Features an inbuilt DAB+/FM radio tuner, front-mounted SD/USB ports, and Bluetooth connectivity, all controlled via an integrated media player for hassle-free playback.

A switchable 'voiceover' feature automatically lowers the background music volume when a signal is detected via mic input 1, and rear panel 24V contacts can mute all except mic input 1 when triggered.
